

# GET \$100 CLUB

The GET \$100 Club is a referral and servicing program that goes beyond.

Not only will you be rewarded ongoing but with GET\$100 Club you can ensure no maintenance fees for your system well beyond the standard.

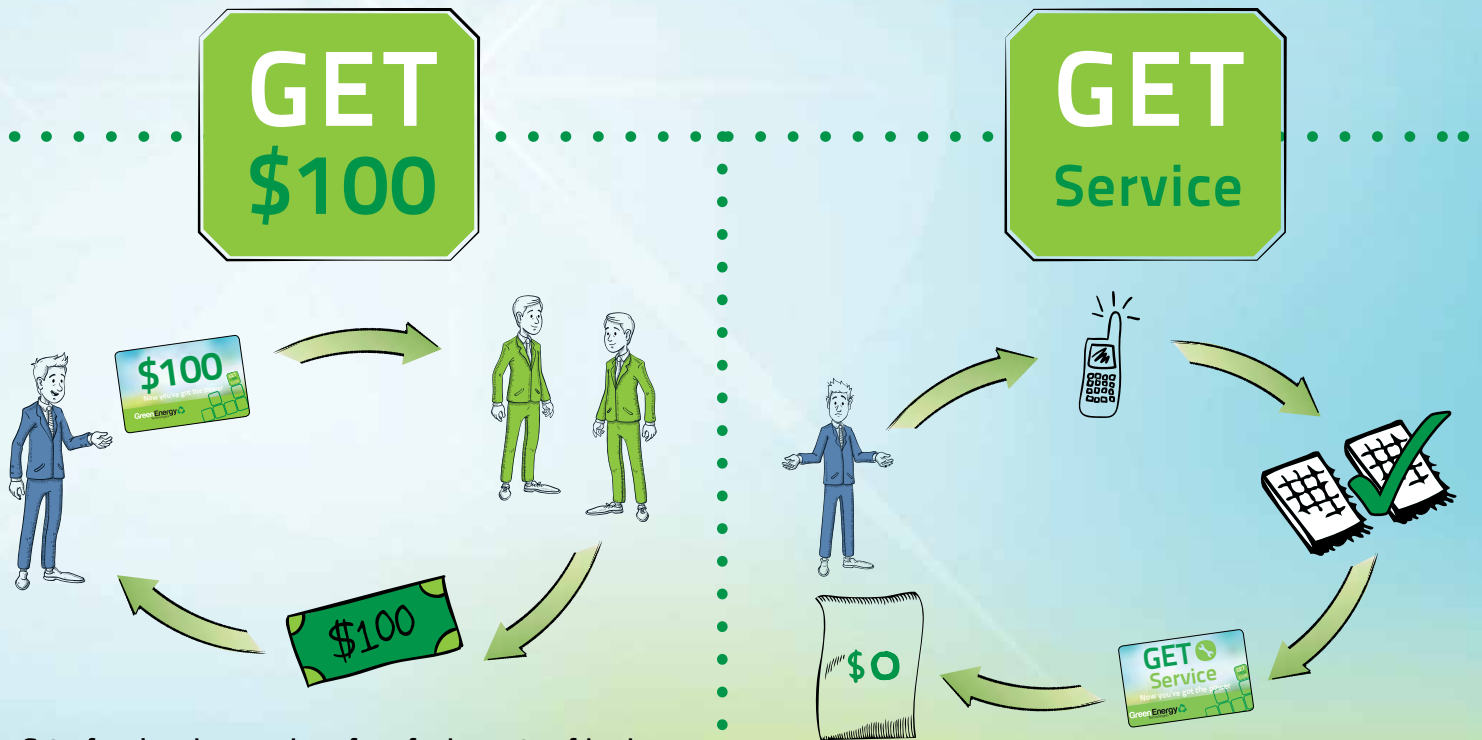

The installation of a bin sticker "we don't waste the sun" and signage "powered by Green Energy" will ensure your warranties ongoing. If these remain in place so will your warranty with Green Energy Technologies.

## YOU WILL ALSO RECEIVE:

Unlimited GET\$100 referral cards

2 X GET Service cards

Get referral cards reward you for referring us to a friend.

If a system is purchased you will receive \$100 and your friend will also get \$100 off their system.

You will also receive an extra GET service card valued at \$200.

GET Service cards allow you to redeem the card for any Solar maintenance or call out items that are found not to be a solar issue.

# Contact Green Energy TODAY. All you've got to lose is your power bill.

## WHITSUNDAY

1/2 Myer Lasky Drive,
